WHAT IS A COMPREHENSIVE PLAN?

A Comprehensive Plan is both a vision for the future and a blueprint for how to get there. A Comprehensive Plan creates a future framework for a range of topics such as land use, economic development, infrastructure, and housing. The Town of Brookhaven's Comprehensive Plan will identify a vision for the future and outline a series of recommendations and steps to implement that vision.

The planning process is being guided by the Town Planning and Environmental Department and a Comprehensive Plan Working Group. The process is being facilitated by a consultant team led by MJ Engineering, Architecture, Landscape Architecture, and Land Surveying, P.C., supported by Bay Environmental, Camoin Associates and Cashin Associates, P.C.

The planning process is being guided by the Town of Brookhaven Department of Planning, Environmental, and Land Management (PELM).

The process is being facilitated by a consultant team led by MJ Engineering.

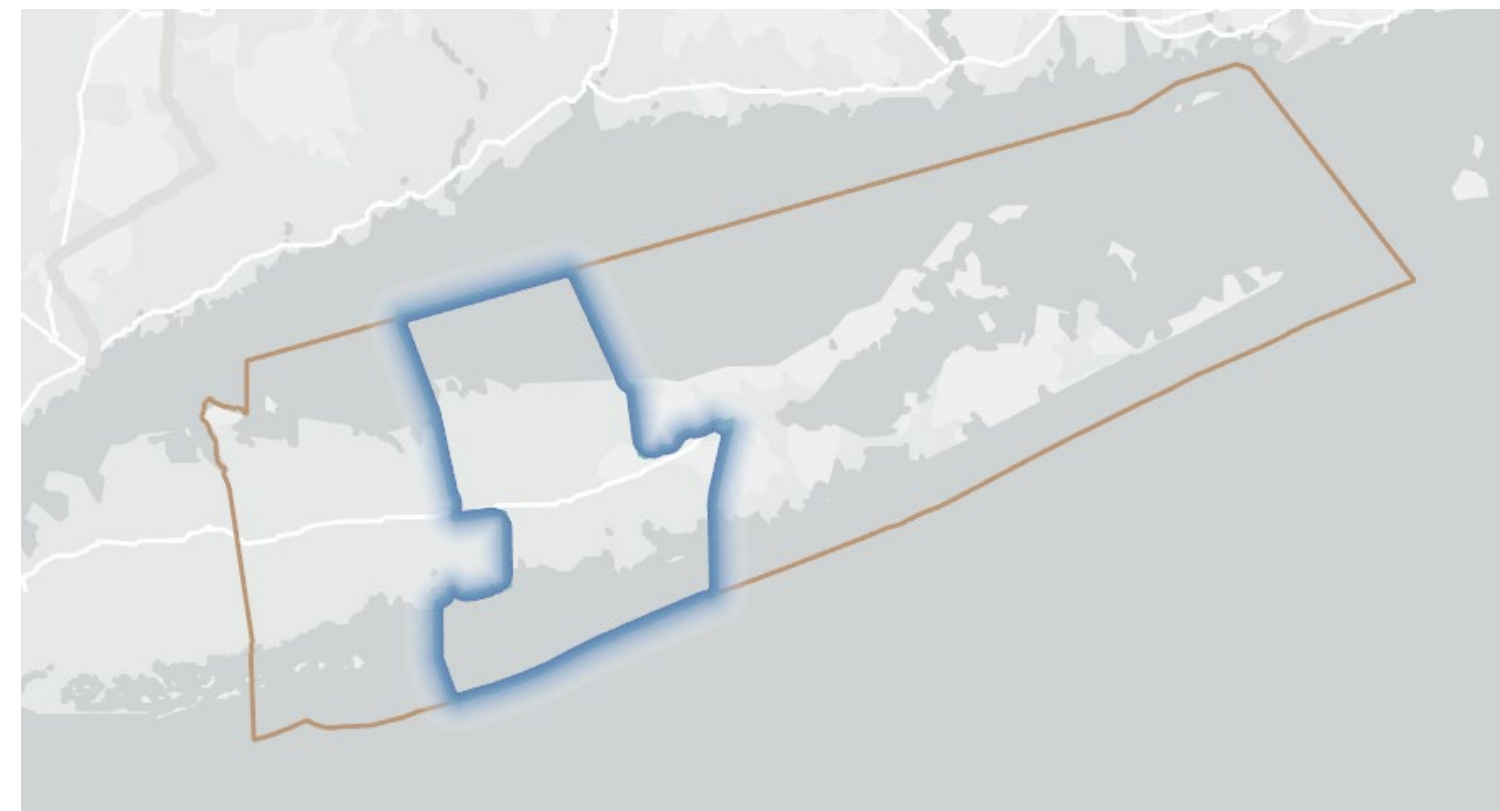

Consultant Team

COMPREHENSIVE PLAN APPROACH

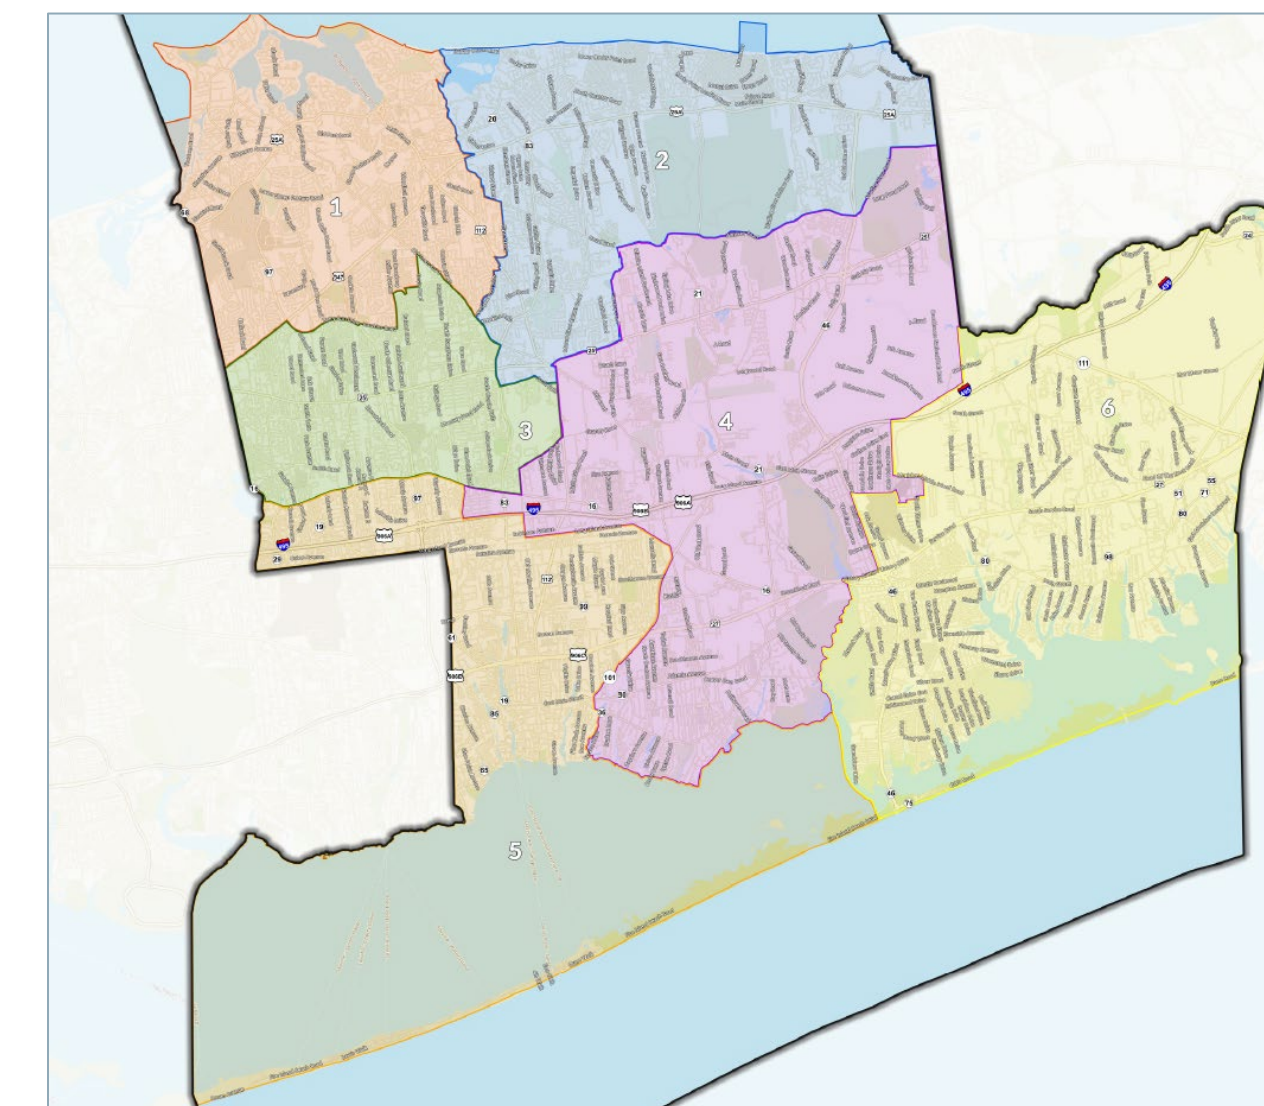

The Comprehensive Land Use Plan will look at the big picture across the entire Town of Brookhaven while also focusing on the unique district-by-district needs. Your input will help shape the vision, goals and suggested recommendations for the Town and each of the Council Districts.

Community Input → Vision → Goals → Recommendations

TOWNWIDE PLAN

- Sets the overall vision for the Town's future
- Addresses shared priorities, such as:
 - Housing
 - Transportation
 - Recreation
 - Community services
 - And more!
- Guides policies and decisions that apply across the Town

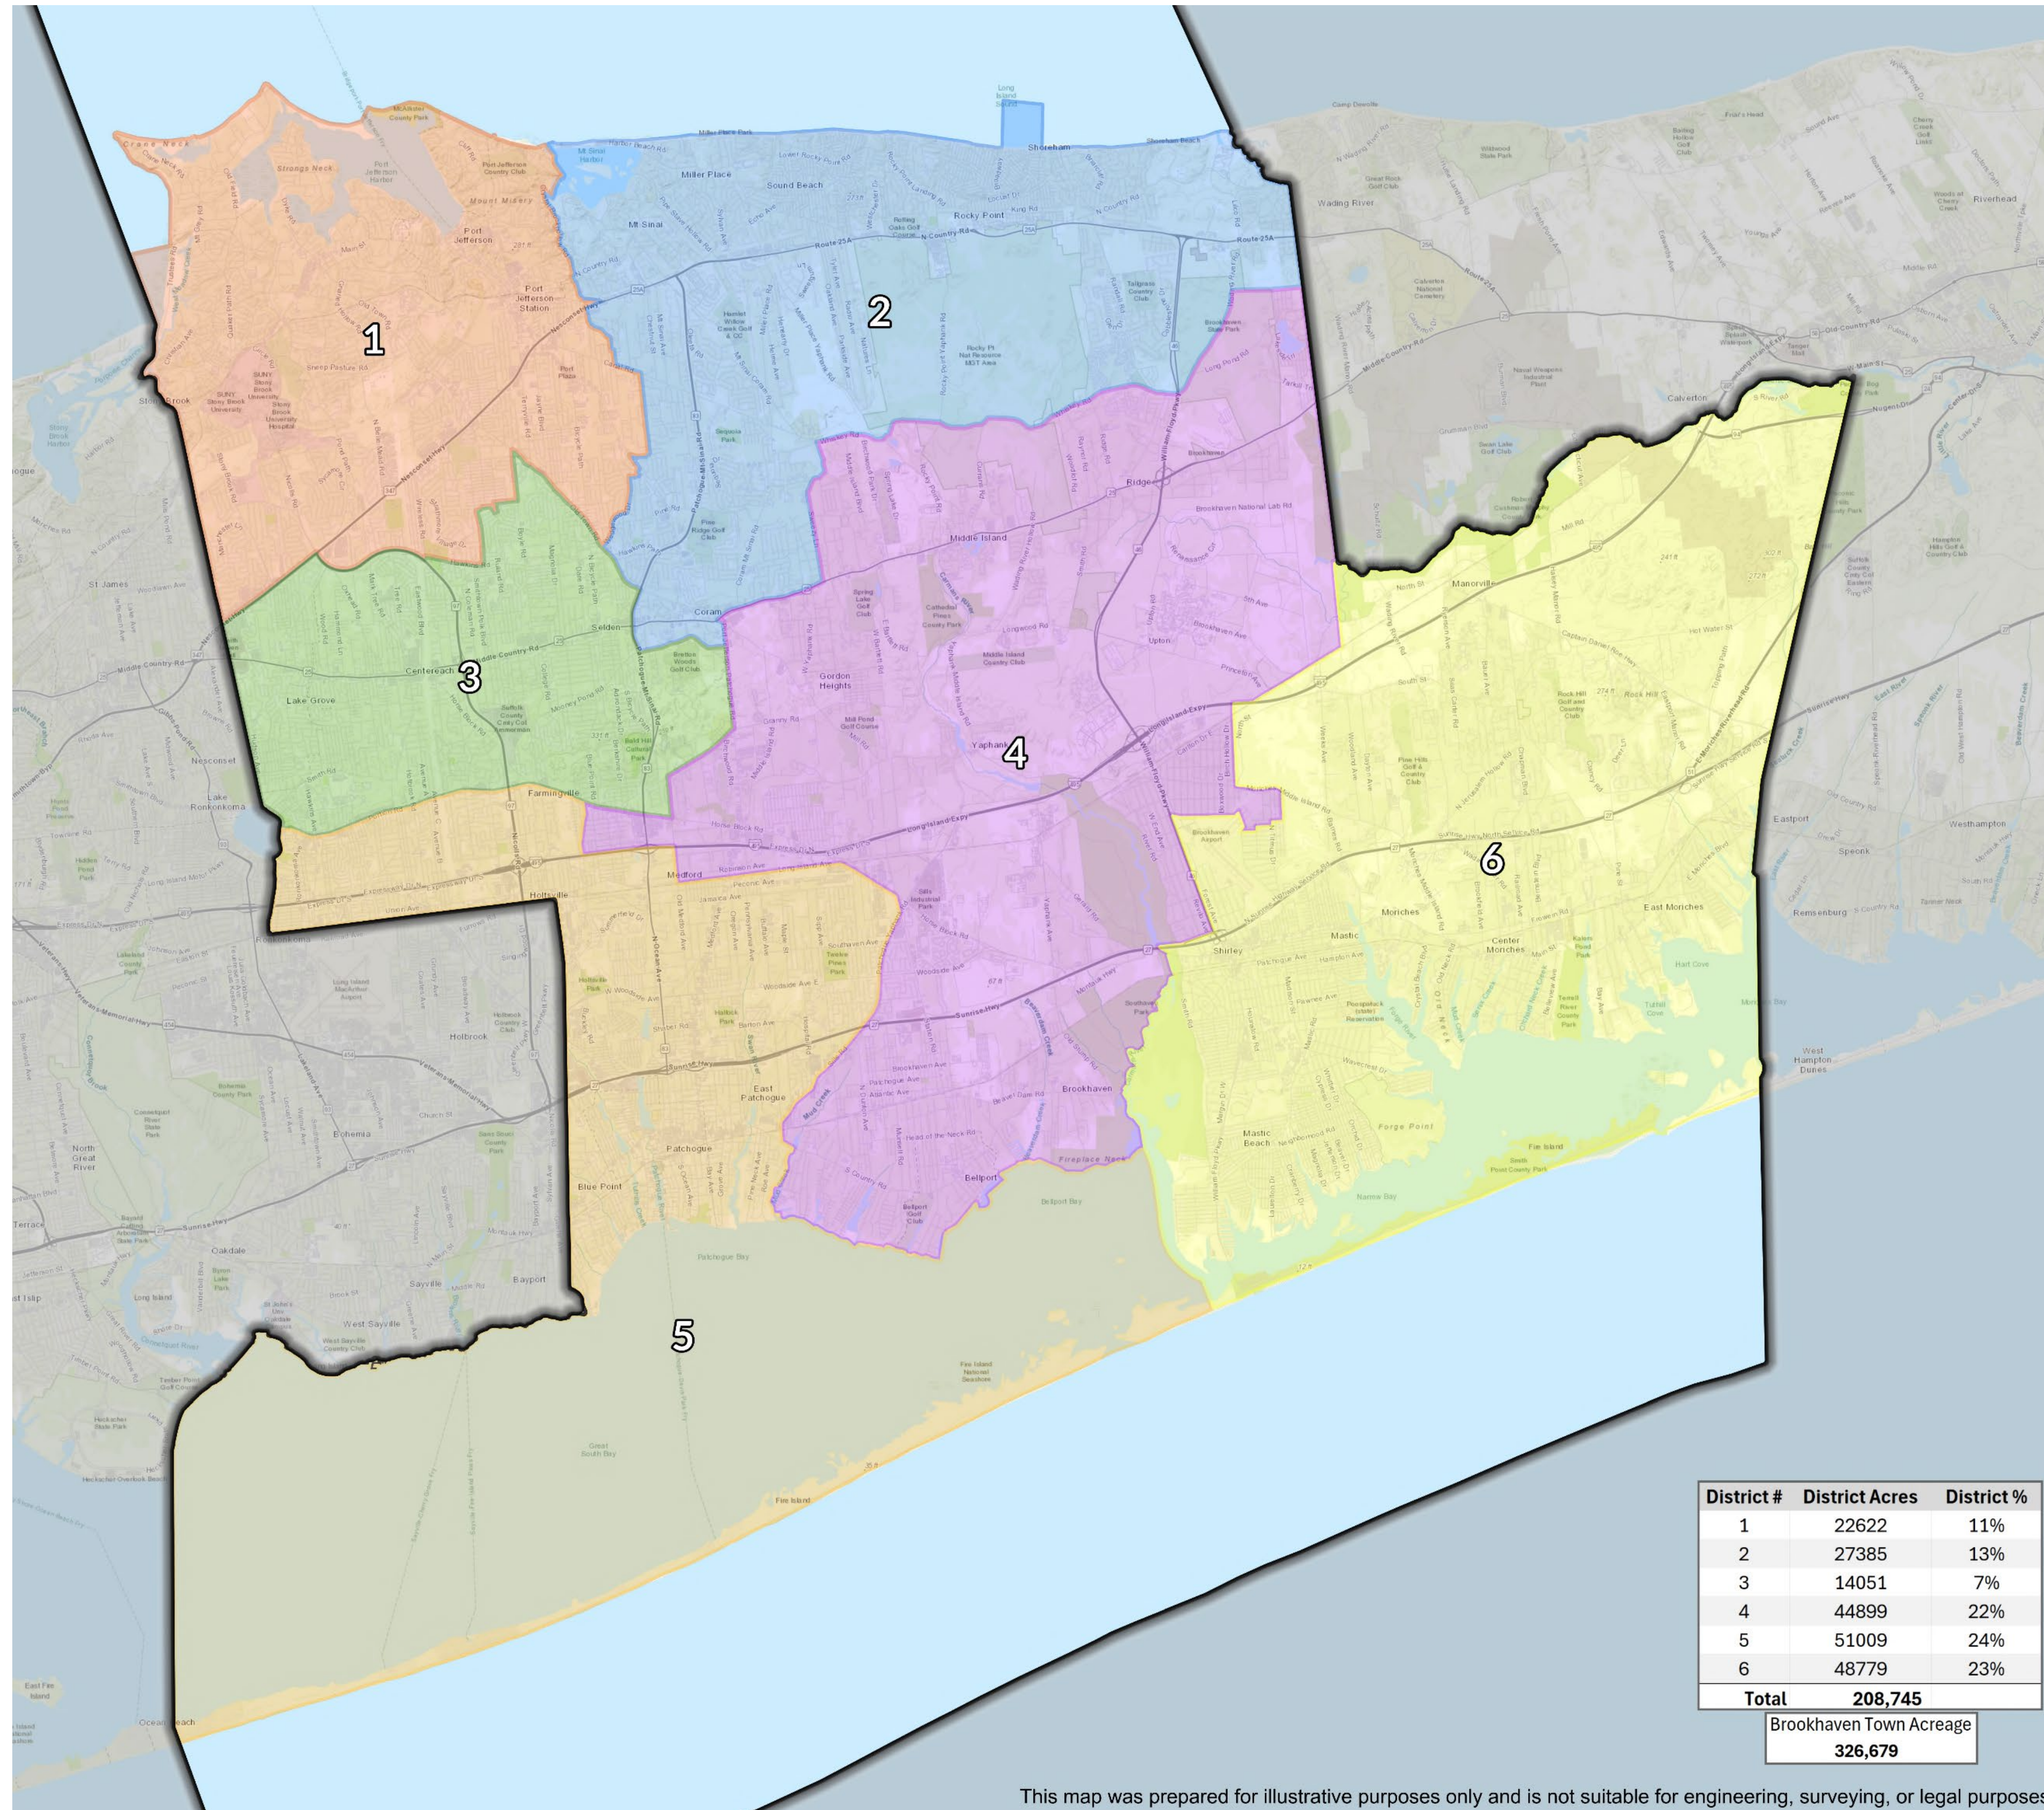

DISTRICT PLANS

- Focus on hamlets
- Identify local challenges and opportunities
- Provide tailored goals for:
 - Land use
 - Infrastructure
 - Redevelopment
- Celebrate what makes each area unique
